CAREER OBJECTIVE

To secure a challenging opportunity in the field of Artificial Intelligence and Cloud Computing where I can apply my technical knowledge, creativity and problem-solving skills to build innovative solutions and contribute to organizational success.

SKILLS

AI & DATA

- Generative AI
- Prompt Engineering
- AI Content Creation
- Chain-of-Thought Prompting

CLOUD & DEVOPS

- AWS Fundamentals
- Amazon S3
- Amazon EC2
- Route 53
- IAM

PROGRAMMING

- Python
- HTML
- CSS
- JavaScript
- Git & GitHub

TOOLS & OTHERS

- Power BI
- Dashboard Design
- Business Infographics

LANGUAGES

- Tamil – Native
- English – Professional

EDUCATION

B.Tech

Sardar Raja College of Engineering

2023 – 2027

(Expected)

EXPERIENCE

Gen AI Intern – S3 REMOTICA (Remote Internship)

2026 – Present

- Developed AI-generated educational infographics and visual content.
- Created advanced prompts for image and video generation.
- Worked with Zero-shot, Few-shot, Role-based, and Chain-of-Thought prompting techniques.
- Designed AI workshop posters, social media banners, and branding assets.
- Assisted in preparing project reports and professional presentations.
- Explored Generative AI applications for business and education.

AWS Learner & Cloud Practitioner (Self-Learning Projects)

2024 – Present

- Learned AWS core services including S3, EC2, Route 53, and IAM.
- Practiced deploying static websites using AWS hosting services.
- Understood cloud architecture and security fundamentals.
- Explored practical cloud-based solutions for real-world applications.

PROJECTS

AI Academy Branding Suite

Designed logos, posters, and social media banners for AI Academy.

Futuristic Transportation System

Created AI-powered smart city concepts with V2V communication.

Construction Business Dashboard

Developed investment charts, manpower analysis, and profit projections.

Educational AI Infographics

Designed visual content on ML, Photosynthesis, and English learning.
